

Workplace health and safety at Charlie

We'll make sure our office space is kept a risk-free, safe environment.

As a company, we have a duty of care towards our team members. We'll make sure our office space is kept a risk-free, comfortable workspace and provide any necessary health and safety training. We're a community and so all we ask is that you help us by taking care of yourself too and keeping an eye on each other.

If you need anything to make your set up more comfortable, such as a laptop stand or back support etc., you can use your £500 flexible working budget towards this.

As we spend a lot of time in front of computer and laptop screens, we also need to be careful about causing unnecessary strain on our eyes. So we'll pay for your eye tests and if it turns out you need some support, we'll also cover the cost of standard issue glasses.

Save time on HR admin

Automate all your repetitive HR tasks and save yourself hours every week to focus on your most important work.
